

The American Rocketry Challenge 2020 Explained

SCORING:

Teams are ranked on the combined score from their two best flights, the lower the better!

$$\text{SCORING FOR EACH FLIGHT} = \text{Unbroken Eggs} + \text{\# of feet over/under} + (\text{seconds over/under} \times 4)$$

$$\text{FLIGHT 1} + \text{FLIGHT 2} = \text{TOTAL SCORE}$$
